Special circumstances due to Covid-19

This year, we know that there have been significant disruptions to all students' learning caused by the global pandemic. Some schools have chosen to defer IGCSE examination entries until October/November 2021.

SAIntS is able to offer admission to all external applicants for Sixth Form and Scholarship entry, providing they meet the above criteria, based on their predicted grades, received in writing from their previous school. Please email the above address if you would like further information regarding this offer .
