St. Andrew's has the education of your children at the heart of everything it does. 9. Provide effective high quality teaching, a commitment to high achievement, and the fostering of independent, critical and creative thinking, accomplished by employing a highly qualified and dedicated staff, who will reinforce high standards and a strong work ethic at all times;
10. Offer a caring and supportive pastoral environment, delivered by a Year system and supported by a traditional House system, that will enable students in a multi-cultural school to become morally and ethically responsible students, tolerant of, and able to celebrate, different cultures and beliefs;
11. Provide a wide range of extra-curricular activities aimed at developing qualities of leadership and teamwork, helping students to develop into well-rounded independent young adults, who by action and example have shown community service to others;
12. Commit to working with the local community to share our resources and expertise;
13. Manage and utilize our resources in an environmentally friendly manner to ensure that each St. Andrew's student derives the maximum benefit from what we have.
